DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label before using this product.

EndZone Insecticide Sticker kills flies that land on the sticker surface and ingest the sticker coating. Stickers work best when placed on or near a window or other light source. However, in the absence of light or under low-light conditions, stickers may be placed near a potential fly food source (such as inside a garbage can). Stickers are effective for up to seven months when placed indoors and up to 4 months when placed outdoors but protected from rain.

Use Information:

EndZone Insecticide Sticker is used to kill the following filth flies: house flies, little house flies, blow flies, bottle flies, flesh flies, phorid flies, fungus gnats, and vinegar (fruit) flies. No fumes or vapors are released. The coating on each sticker is attractive to flies. Flies ingest the coating and start to die within one minute. Dead flies do not stick to the surface. Remove dead flies with a brush or broom and dispose in trash, or by vacuuming. If a catch basin is used, remove dead flies on a routine basis.

Place stickers on windows, near light sources or other places, areas or surfaces where flies congregate. Keep out of reach of children and pets. Stickers may be adhered to the outside and inside of fly light traps and bait stations. Stickers may be placed in commercial trash areas, kitchens and food storage areas. Place stickers in areas so that they avoid becoming wet.

The number of stickers to use is based on the size of the area where flies are found. One sticker per 1000 cubic feet is recommended. Use more stickers for heavy infestations. In rooms with high infestations, or for quicker results, place a sticker in each window. Keep stickers dry after application. Replace stickers that were applied indoors after 7 months or outdoors after 4 months or as needed. Replace stickers

sooner when contaminated by dust, dirt, filth, etc.

Restrictions:

Do not use on sky lights.

Do not use in and around commercial barns, stables, and paddocks.

Do not use in grazing areas, feed lots, poultry houses, or other similar areas used for housing, boarding, and/or rearing animals. This product may be used around barns and stables on residential property.

Do not allow children to handle stickers or let pets come in contact with them.

Do not place stickers directly above areas where food is stored or prepared.

Applying stickers:

Stickers have an adhesive coating on one side and a plastic cover on the other.

With dry hands remove cover from the adhesive coating side first. Place sticker in desired location. Once sticker is adhered, remove the plastic cover to expose the attractive coating.

Synonyms are provided in Section 1.

4. FIRST AID MEASURES

Eye Contact	Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.
Skin Contact	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.
Inhalation	Not applicable.
Ingestion	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Never give anything by mouth to an unconscious person.
Most important symptoms and effects, both acute and delayed	None known.
Indication of immediate medical attention and special treatment needed, if necessary	Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media	Carbon dioxide (CO ₂). Foam. Water spray. Dry powder.
Specific Hazards Arising from the Chemical	Not flammable
Explosion data	
Sensitivity to Mechanical Impact	Not sensitive.
Sensitivity to Static Discharge	Not sensitive.
Protective equipment and precautions for firefighters	Wear self-contained breathing apparatus and protective suit.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions	Isolate and post spill area. Wear suitable protective clothing, gloves and eye/face protection. For personal protection see section 8.
Other	For further clean-up instructions, call FMC Emergency Hotline number listed in Section 1 "Product and Company Identification" above.
Environmental Precautions	See Section 12 for additional Ecological Information.
Methods for Containment	Sweep up and shovel into suitable containers for disposal.
Methods for cleaning up	Clean and neutralize spill area, tools and equipment by washing with bleach water and soap. Absorb rinsate and add to the collected waste. Waste must be classified and labeled prior to recycling or disposal. Dispose of waste as indicated in Section 13.

7. HANDLING AND STORAGE

Handling	Do not contaminate other pesticides, fertilizers, water, food, or feed by storage or disposal.
Storage	Keep in a dry, cool and well-ventilated place. Keep away from open flames, hot surfaces and sources of ignition. Keep out of reach of children and animals. Keep/store only in original container.
Incompatible products	None known

8. EXPOSURE CONTROLS/PERSONAL PROTECTION**Control parameters**

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

Appropriate engineering controls

Engineering measures	Apply technical measures to comply with the occupational exposure limits. When working in confined spaces (tanks, containers, etc.), ensure that there is a supply of air suitable for breathing and wear the recommended equipment.
-----------------------------	--

Individual protection measures, such as personal protective equipment

Eye/Face Protection	If there is a potential for exposure to particles which could cause eye discomfort, wear chemical goggles.
Skin and Body Protection	Wear suitable protective clothing. Protective shoes or boots.
Hand Protection	Protective gloves
Respiratory Protection	If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Respiratory protection must be provided in

accordance with current local regulations.

Hygiene measures

Clean water should be available for washing in case of eye or skin contamination. Wash skin prior to eating, drinking, chewing gum or using tobacco. Shower or bathe at the end of working. Remove and wash contaminated clothing before re-use. Launder work clothing separately from regular household laundry.

General information

If the product is used in mixtures, it is recommended that you contact the appropriate protective equipment suppliers.

11. TOXICOLOGICAL INFORMATION

Product Information

LD50 Oral	Acetamiprid: 146 -217 mg/kg (rat)
LD50 Dermal	Acetamiprid: > 2000 mg/kg (rat)

Sensitization Non-sensitizer

Information on toxicological effects

Symptoms None known.

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Chronic toxicity Acetamiprid: Prolonged exposure in animal studies caused nonspecific toxicity observed as decreases in body weight and food consumption.
Mutagenicity Acetamiprid. Not genotoxic in animal studies
Carcinogenicity Acetamiprid: No evidence of carcinogenicity from animal studies
Neurological effects Acetamiprid: Caused clinical signs of neurotoxicity (decreased locomotor activity, tremors) in animal studies.
Reproductive toxicity Acetamiprid: Reductions in pup weight, litter size, viability and weaning indices; delay in sexual maturity endpoints.
Developmental toxicity Acetamiprid: Not teratogenic in animal studies.
STOT - single exposure Not classified.
STOT - repeated exposure Not classified.
Target organ effects Acetamiprid: No specific target organ toxicity; the liver effects were considered an adaptive response to chemicals rather than frank toxicity.
Neurological effects Acetamiprid: Caused clinical signs of neurotoxicity (decreased locomotor activity, tremors) in animal studies.
Aspiration hazard No information available.
